Selection Criteria

Student Selection

A student record is selected if it meets the following criteria:

- Was enrolled with a funded enrollment code at any time from the beginning of the school year through the report date specified by the user.
- Has the Include in State Reporting flag set to Yes.

The report excludes students that:

- Were enrolled during the report period with an enter code of "xxi," where "xx" is any character and "i" is the letter "i" in lower or upper case.
- Were withdrawn during the report period with an exit code of W1* (in-district transfer), where asterisk (*) is any character.
- Have an enrollment record with the same enter date and exit date (no show) in the currently selected school year; a grade level is not equal to 99; and a school ID is not the Graduated Students School.

Report Output

Position	Field	Description
1	Date	The date the report was processed.
2	BEDS Code	This field is calculated by combining the district number and school code. The district number is extracted from the Edit District page, Start Page > District Setup > District Information. The school code is extracted from the Edit School page, Start Page > District Setup > Schools/School Info > Edit School.
3	Name	This field contains the name of your school. This value is extracted from the Edit School page, Start Page > District Setup > Schools/School Info > Edit School.
